Executive Reports

President – Taylor Sawadsky

president@engsoc.queensu.ca

Hello Queen's Engineers!

Welcome to AGM – the annual general meeting, where each and every student gets a vote!! This report, for the first time ever, will not be the president saying farewell, since I continue in my job until May 1st. I am very excited that I get to continue on doing what I'm doing for the next two months – I get to do exciting things, meet wonderful people, and learn new things every day.

Position Descriptions

I am very excited to announce that this project is live!! If you're considering applying to a position in EngSoc - make sure you check the position descriptions out, they have tons of great info in them.

The main goal of my term as EngSoc President was to increase the accessibility of the Engineering Society. The position descriptions project was a huge part of this - giving students the information they required to apply to a position without any previous knowledge or experience in EngSoc. However, I can't take the credit for these amazing descriptions, they are a result of my FYPCO, Sidney's amazing work. I am very proud of Sidney and all the hard work she's put into these descriptions.

Transitioning

I've been working with Nat and his new team to ensure a successful transition. This has been taking up a lot of time! Additionally I've been working on my transition manual, and a few other documents which I think will be beneficial for transition. Many things in the society are difficult to get a full grasp on in a single year, so hopefully my perspective will help generations to come. I am hoping my ideas, thoughts and experiences can help shape a document which has an outlook to ensure a bright future for EngSoc.

Corporate Initiatives

Sci Formal and Frosh Week planning is going well! The security planning is going well for both Sci Formal and the Grease Pole Climb. The Sci Formal Advisory Board Sub Committee met again yesterday, and I am very excited what the committee is up to – we are working on our plans for consultation on the big problems we've identified with the event. Hopefully this will allow Sci Formal to be a sustainable event in the future!

Airing of Grievances

Typically the airing of grievances happens after this meeting (AGM). This is an opportunity for you to raise any comments or concerns you've had with EngSoc in the past year, and for the

new ED team to listen. We have re-scheduled the airing of grievances to INSERT DATE, to ensure as many students can attend as possible.

Thank you to everyone who came out tonight – it's awesome that you're here to have your voices heard by the Engineering Society

Much Love,
Taylor

VP (Operations) – Tyler Bennett

vpops@engsoc.queensu.ca

Hi Council and Engineering Society Members!

Amazing to think that we have reached the one year point in our terms' already. A year myself and the ED started officially in our roles. I am incredibly proud of where we have come and all the hard work everyone has put in this year. Thank you to all the support everyone has provided me with, and I am looking forward to wrapping up the year over the next six weeks.

It has only been a week since my last update, but here have been few things I have been working on/doing:

- Super-Semi, helping Max with online sales and attending the event
- Wrapping up February month end with Connor
- Working with Robert on setting up the Clark Hall IT infrastructure to be updated
- Updating financial spreadsheets for next year for the services
- Filed our tax return!
- Getting employees' their T4 slips (let me know if you don't have yours!)
- Finishing up our annual review for the 2015-2016 year
- Meeting with applicants for positions, and people in hired positions discussing their plans for next year

Coming up

- March Break Open house with the admitted students
- Advisory Board
 - o Strategic Planning Committee Meeting for Long Term planning of the Society and Services
 - o Science Quest Strategy Planning Presentation
- Banquet
- Relay for Life

That's all I have for now! As always, please don't hesitate with any questions.

Cheers,

Tyler (Tynado) Bennett

AGM Council Report:

Not too much has happened since last council mainly just working on transition manual and a few meetings!

New People!

Good Luck to the new Directors with their Ratification, it is an exciting time for all of you! Also to the new Exec, get ready for the upcoming year, since you are being sworn in!

Transition

Finally have a real Transition manual for VPSA! and JJ and I are meeting people to get her fully transitioned into the role!

FYPCO!!!!!!

She is doing a ton of work on the online software, and pouring over all of the photos, so I am very excited with what she is doing.

Design Teams

Lots of teams are going out to competition now, and we are making sure they filled out OCASP, so they have safe travels, and are covered if anything happens when they are out for competition!

Digital Signage

Finalizing faculty settings, and meeting with Faculty IT and discussing their participation in it.

Probation

We have 1 meetings before it is ready, we should be bringing it to the last two councils.

ATTENTION ALL

Make sure you are sanctioning your events!!!! They have to be sanctioned, or there will be no insurance provided, this process needs ~2 weeks in advance to get done, so please be vigilant!

That is all for now,

Evan Dressel

No report submitted.

Communications – Heather Simmons

comm@engsoc.queensu.ca

Salutations people of AGM!

Hope everyone had a good week back after the break!

Here's what I've been up to over the last few weeks:

- Helping advertise opportunities within the Society
- Tidying the Communications files for smooth transitioning
- Prepping history month content with our wonderful Internal Records Officer, Abby Hall. Check out our social media for ongoing historical segments throughout the month!
- Meeting with Behshid to start transitioning
- Submitted a Snapchat geofilter for the ILC designed by one of our awesome Comm team members, Alex Clifford!
- Releasing EngPets submissions! If you've got a cute pet, send a pic of them in Queen's or engineering swag to comm@engsoc.queensu.ca to be featured on our insta!

Over the next two weeks here's what I'll be working on:

- Continuing advertising for positions within the Society
- Continuing transition meetings
- Releasing more EngPets and history month content
- Day to day Comm requests and social media posts

Thanks for coming out everyone!

Heather Simmons, Director of Communications

Community Outreach – Emma Howard
outreach@engsoc.queensu.ca

Hi there AGM!

In the past week, I have finished my transition material, and I'm working on compiling metrics on the year and community outreach, as well as compiling and passing on the contacts that I worked with this year. Tragically, I dropped the ball on sending a spectator bus to the hockey team game, and they're all done with their season, but I have stayed in touch with the league coordinator, so you can all fulfil your dreams of being hockey moms next year.

I've been hard at work with ERC reaching out to as many people as possible in order to make the Mental Health Walk that we are planning for the Sunday after Exams to be a success! I am working on getting in touch with the Jack.Org coordinators and the mental health coordinator within the faculty in order to help make that a success!

Other than that, I've been working on transitioning with Jordan, to keep building on the good work that we started this year!

Have a happy Thursday,

Emma Howard, Director of Community Outreach

PS. Stay in balance for the rest of the semester just like dat boi!

12

- ❖ Been transitioning with my FYPCO as he evolves into the new Director of Design – he’s done great work on a new website, infographic, and begun planning a training summit for next year
- ❖ Booked an all hands meeting for this weekend

In the next two weeks, I’ll be;

- Meeting with Simon to finalize shelving units for bay storage
- Creating a best practices guide for the composites bays
- Continuing transitioning

Cheers,

Max Lindley-Pearl

Events – Francesca Feldman
events@engsoc.queensu.ca

Hello Council!

- Applications are now up for Event Chair/Coordinator Positions! They are all due on March 20th
- EngVents ILC Escape Room on Sunday, March 12th

Services – Tyler Snook

services@engsoc.queensu.ca

Hey AGM!

Services land is pretty exciting right now! Cody just finished hiring the Head managers with Assistants being hired this weekend, staff are going to be hired in the two weeks after that, and I'm going to be irrelevant soon! The one big project left on my plate is the Clark Stairwell revitalization which I really think we can actually get done on time which is exciting. We have recently placed all of the orders, and are working on picking a winner for the mural design contest as I write this report.

Staff applications are due this Tuesday as well so make sure that if you're interested in making some real cash money and having a sweet time that you check those out!

Love,

Tyler
