

THE ENGINEERING SOCIETY  
OF QUEEN'S UNIVERSITY

# Council Meeting Agenda

Engineering Society of Queen's University  
Thursday, March 24<sup>th</sup>, 2016  
6:00 pm, Dunning Hall 12

- |       |                                      |        |                                     |
|-------|--------------------------------------|--------|-------------------------------------|
| I.    | Attendance                           | viii)  | First Year                          |
| II.   | Adoption of the Agenda: Motion 1     | ix)    | Human Resources                     |
| III.  | Adoption of the Minutes: Motion 2    | x)     | Information Technology              |
| IV.   | Speaker's Business                   | xi)    | Internal Affairs                    |
| V.    | Presentations                        | xii)   | Professional Development            |
|       | i) President Summer Plan             | xiii)  | Services                            |
|       | ii) VP (Student Affairs) Summer Plan | X.     | Question Period                     |
|       | iii) VP (Operations) Summer Plan     | XI.    | Faculty Board Report                |
| VI.   | New Business: Motions 3 - 14         | XII.   | Alma Mater Society Report           |
| VII.  | Break                                | XIII.  | Senate Report                       |
| VIII. | Executive Reports                    | XIV.   | Engineering Review Board Report     |
|       | i) President                         | XV.    | Advisory Board Report               |
|       | ii) VP (Student Affairs)             | XVI.   | Club Reports (Sunny Group)          |
|       | iii) VP (Operations)                 |        | i) Geological                       |
| IX.   | Director Reports                     |        | ii) ChemEngChem                     |
|       | i) Academics                         |        | iii) Applied Mathematics            |
|       | ii) Communications                   |        | iv) Civil                           |
|       | iii) Community Outreach              | XVII.  | Year Reports                        |
|       | iv) Conferences                      |        | v) Sci'16                           |
|       | v) Design                            |        | vi) Sci'17                          |
|       | vi) Events                           |        | vii) Sci'18                         |
|       | vii) Finance                         |        | viii) Sci'19                        |
|       |                                      | XVIII. | Statements and Questions by Members |

**Speaker:** Avery Cole  
**Secretary:** Libby Anderson

# Motion List

## Motion 1

Whereas: It's the last meeting of the year!  
& whereas: it's going to be a long one;

### BE IT RESOLVED THAT:

Council approve the agenda of the Council meeting of Thursday, March 24<sup>th</sup> 2016 as seen on the EngSoc website.

Moved by: Lianne "How long is it Avery?" Zelsman

Seconded by: Avery "Reallllyyyy longggggg" Cole

## Motion 2

Whereas: Many important things were discussed last week;  
& whereas: Allison wrote them all down;

### BE IT RESOLVED THAT:

Council approve the minutes of the Council meeting of Thursday, March 10<sup>th</sup> 2016 as seen on the EngSoc website.

Moved by: Lianne "Avery stop" Zelsman

Seconded by: Allison "I'm uncomfortable" Kondal

## Motion 3

Whereas: The President created and presented a summer plan;  
& whereas: the President should be working effectively for the students throughout the summer;

### BE IT RESOLVED THAT:

Council approve the President's summer plans for the summer of 2016 as outlined in APPENDIX "EXEC-SUMMER".

Moved by: Taylor "I love it!" Sawadsky

Seconded by: Evan "I haven't figured out my catch phrase yet" Dressel

#### Motion 4

Whereas: The Vice President Student Affairs created and presented a summer plan;  
& whereas: the Vice President Student Affairs should be working effectively for the students throughout the summer;

#### BE IT RESOLVED THAT:

Council approve the Vice President Student Affairs' summer plans for the summer of 2016 as outlined in APPENDIX "EXEC-SUMMER".

Moved by: Evan "They should cast you in the next Sharknado movie" Dressel

Seconded by: Tyler "#Tynado" Bennett

#### Motion 5

Whereas: The Vice President Operations created and presented a summer plan;  
& whereas: the Vice President Operations should be working effectively for the students throughout the summer;

#### BE IT RESOLVED THAT:

Council approve the Vice President Operations' summer plans for the summer of 2016 as outlined in APPENDIX "EXEC-SUMMER".

Moved by: Tyler "Swaggy" Bennett

Seconded by: Taylor "We really need new catch phrases" Sawadsky

#### Motion 6

Whereas: The Executive have things they want to improve;  
& whereas: things need to keep working;

#### BE IT RESOLVED THAT:

Council approve the Executive summer budget as seen in APPENDIX "SUMMER-NIGHTS".

Moved by: Taylor "Summer Days" Sawadsky

Seconded by: Evan "Drifting Away" Dressel

Thirded by: Tyler "To uh-oh the summer nights" Bennett

#### Motion 7

Whereas: Our information technology infrastructure is woefully inadequate for our society;  
& whereas: before there is substantial change to web interfaces, the infrastructure needs to be fixed;

#### BE IT RESOLVED THAT:

Council approve the spending of \$5000 for the use of contracting an infrastructure change to the Engineering Society servers for the summer of 2016 as outline in APPENDIX "IT-MONEY".

Moved by: Tyler "Life moves pretty fast, if you don't" Bennett

Seconded by: Robert "Stop and look around once in a while you might miss it" Saunders

#### Motion 8

Whereas: The pole is needed for pole day in Orientation Week;  
& whereas: we want to get it back;  
& whereas: it is currently in Toronto;

#### BE IT RESOLVED THAT:

Council approve the spending of \$1000 to recover the grease pole over the summer.

Moved by: Evan "I miss him" Dressel

Seconded by: Taylor "I love him" Sawadsky

Thirded by: Tyler "Good Ol' Slippery Pete" Bennett

#### Motion 9

Whereas: QHacks is currently ratified as an Engineering Society competition;  
& whereas: some of the EngSoc policies are not the right fit for them;  
& whereas: they would like more freedom in their hiring;

#### BE IT RESOLVED THAT:

Council de-ratify QHacks as an Engineering Society competition.

Moved by: Rakan "It's not you, it's me" Al-Shawaf

Seconded by: Anthony "There's someone else, isn't there" Scheeren

#### Motion 10

Whereas: The Capital Fund is a project intended to allow the Engineering Society Services to pursue projects outside the scope of their current operating budgets;  
& whereas: this would increase the value provided to students through innovation and growth;

#### BE IT RESOLVED THAT:

Council approve the changes to Policy Section  $\theta$ : Financial Policies as seen in APPENDIX "CAPEX", pending approval from a certified General Accountant.

#### BE IT FURTHER RESOLVED THAT:

Council empower the accountant the authority to make minor alterations to the policy, within the spirit of this motion, solely for the purpose of ensuring conformity to CRA regulation. All changes are subject to approval from ERB, and subsequent notification of Council.

Moved by: Tyler "Jr" Bennett

Seconded by: Andrew "Sr" Crawford

#### Motion 11

Whereas: There's a hierarchy between the Internal Records Officers;  
& whereas: we wish to create a more collaborative environment;

#### BE IT RESOLVED THAT:

Council approve the second reading of the changes to By-Law Section 8 (Engineering Society Directors) as seen in APPENDIX "MAKING-OLD-THINGS-NEW".

Moved by: Heather "I-R-Oh no she didn't" Simmons

Seconded by: Evan "I-R-Oh yes she did" Dressel

#### Motion 12

Whereas: There's a hierarchy between the Internal Records Officers;  
& whereas: we wish to create a more collaborative environment;  
& whereas: Policy comes with By-Law;

#### BE IT RESOLVED THAT:

Council approve the changes to Policy Section  $\gamma$ -A.2 (Appointment Types) and Policy Section  $\beta$ -C.9 (Director of Communications) as seen in APPENDIX "MAKING-OLD-THINGS-NEWER".

Moved by: Heather "Damn IROs!" Simmons

Seconded by: Evan "Back at it again with the historical facts" Dressel

### Motion 13

Whereas: Hypothetical Sci'20 will soon become Arts'21;  
& whereas: they won't have much use for jackets when they sleep all day;  
& whereas: they'll need something cozy to wear in bed;

#### BE IT RESOLVED THAT:

Council approve the introduction of Fun Fur Footie-Pyjamas and Golden Party Pillows in place of the traditional GPA's.

Moved by: Alan "We can't take their freedom" Goodman  
Seconded by: Tristan "But we can take their GPAs" Brunet

### Motion 14

Whereas: Sci '19 climbed the pole;  
& whereas: they climbed it faster than Sci '18;

#### BE IT RESOLVED THAT:

Sci '19 be referred to as "Sci 1 -ninety-nine problems" during sessions of council.

Moved by: Clare "I can't believe it's not butter" Butler  
Seconded by: Hilary "I put it on my hot cross buns" Crossley

# Executive Reports

## **President – Taylor Sawadsky**

president@engsoc.queensu.ca

Hello Council!

Wow! Week 11! How time flies! I hope everything is going well with all of you reading this. I've been feeling more settled in my role as President, and we've been doing a lot of interesting things

### **March Break Open House**

On Saturday March 19<sup>th</sup> perspective students came and visited the ILC. They were welcomed here by the ED team and a wonderful group of student volunteers from all years and faculties. We did a presentation on involvement here at Queen's that was positively received.

### **Grease Pole**

As you probably know, we officially responded to the statements made by the Brute Force Committee regarding the Grease Pole. Slippery Pete is feeling well loved, and many students have been volunteering items for the ransom demands.

### **Fall Reading Break**

Also, as you probably know, the Engineering Society has released a petition on the current proposal for fall reading week. As you may recall, council approved a document outlining the society's official stance on the fall reading break proposal, which stated we are against a proposal that disrupts Orientation week or pre-exam study days. We are working hard to ensure that the Engineering Society expresses this opinion effectively.

### **Summer Plans**

I'm hoping by this time my summer plan and budget has been approved, but I spent a lot of time on it this past week! It made me very excited for the summer ahead

### **Michele Romanow**

Michele is a Queen's Eng (civil grad). She helped start the tea room, and is currently a dragon on Dragon's Den. She is coming back to Queen's on April 2<sup>nd</sup>, and will be giving a presentation for students. You should have received an invite in your inbox this week - make sure you check it out!

## **CHAMP**

CHAMP stands for creating healthy attitudes about masculinity and privilege. Tyler and Evan and I got to attend a lunch about this topic this week and are excited to bring what we learned back to the Queen's Engineering Community.

## **Dean Woodhouse**

Tyler, Evan and I had another meeting with the Dean, we've been getting to know her better. I am excited to work with her in the coming year.

## **Hiring**

Congratulations to everyone who has been hired into a new role! To everyone who was unsuccessful in an application, there are still tons of opportunities coming up in September, so make sure you keep your eyes peeled for that!

As the year comes to an end I want to wish everyone the best of luck with exams, and I hope you all have a safe, happy, sunny summer!

Happy Friday-Eve,  
Taylor

## **VP (Operations) – Tyler Bennett**

[vpops@engsoc.queensu.ca](mailto:vpops@engsoc.queensu.ca)

Hello Everyone,

By the time this is at council, we will only have 5 more days of class before the semester is over, kind of unbelievable. I'll be talking a lot about the summer and my plans, so this mostly focuses on what I've been up to the past couple of weeks. Let me know if you have any questions! I'm always happy to talk about the society's operations or anything really.

The Past Two Weeks:

- Services: Helped out with manager training, got contracts sign
- Finance: Working with Connor, developing the system of how we work together. Also helping groups better understand our system and get what they need.
- IT: LOTS of discussion about how to move forward with this summer. By the time this is at council, we'll know for sure! End goal: Fix the infrastructure, build a foundation for future IT projects.
- Open house: Too much fun, free food, great friends!
- Office: Lots of cleaning for the open house, going to start clearing out the corner!
- Summer plans: finalized summer plans report, restructured format

- 67 Union Street: Spend some time with the Architects for the new building with some Mech Faculty member, PPS and the Dean. Really thankful I get to be included in the conversation, and looking forward to giving my input over the summer.
- QUESSI: Now officially on the Queen's University Engineering Society Services Inc. board of directors with Taylor.
- Strategic Planning and the Advisory Board: Worked with Sam Anderson and Tyler Snook, looking forward to further developing long term service strategic planning, producing documentation at the board level, and helping service managers with their strategic plans.
- Also just working on general administrative things such as taxes (T4's), responding to e-mails, sorting through mail and invoices
- Capital Fund: Finalized terms with Andrew and provided input, Tyler S. consulted with service managers
- I got a haircut.

#### The Next Two Weeks

- Meeting with BMO investments
- Getting Credit Cards!
- Looking to get a little more sleep (and do some HW)
- Working with Tyler and service managers on strategic plans
- Working with directors on budgeting
- Look towards wrapping up year-end for the services
- Start making connections
  - Physical Plant Services
  - Information Technology Services
  - BMO representatives
- Smart Serve

Shout-out to all the directors, it is really amazing to see everybody working so hard and being so passionate. Also so proud of #opspod, they're great and are always working!

Cheers,

Tyler Bennett (Tynado)

Vice-President Operations

"Sometimes you eat the bear and sometimes the bear eats you."

**VP (Student Affairs) – Evan Dressel**

[vpsa@engsoc.queensu.ca](mailto:vpsa@engsoc.queensu.ca)

Well hello there Council, fancy seeing you here!

Things that I've been doing over the past while:

- Hiring Events and Conferences
  - Very excited for all of the execs hired
  - Gonna be a great year for all of them
- SUMMER PLANS
  - Super Excited
  - Budget too
- Faculty board happened
  - 67 Union
  - Be safe when walking home from downtown
- Meetings with Directors on Goals
  - Yearly goals to align with strat plans
  - Allows them to have a clear plan going into the summer
  - More efficient planning structures
- March Break Open House
  - Talked to incoming/pre-frosh
  - They are all super excited

- One person listened to all the past summer podcasts and read our meeting minutes.
- Fall Reading Week
  - FRW has notice of motion officialy
  - I am commenting now without knowledge of what I will see on Tuesday at senate
  - Check out the petition <https://www.change.org/p/students-a-call-for-better-procedure-regarding-a-fall-reading-week-at-queen-s-university> and fire me an email if you want to know how you can write an effective letter to senate
- AMS
  - Set up Hiring panels
  - Hiring motion removed from agenda to allow new AMS Exec to deal with it

Things that I will be doing over the Summer:

- Everything in the fun document

HAVE AN AMAZING SUMMER!

Evan Dressel

Vice President of Student Affairs

VPSA@engsoc.queensu.ca

# Director Reports

## Academics – Daniel Tamming

academic@engsoc.queensu.ca

Hello Council!

Shout out to Adam, Yusuf, and Jenna, the newly hired BED Fund Coordinators. They're going to make a great team and I'm excited to see their work.

Hope everyone's had a good couple weeks! Here's what I've been up to lately:

- Hired the new BED Fund Coordinator team
- Hired EngLinks Staff
- Talked to incoming students at the March Break Open House
- Worked on the EngLinks Summer Budget

Some things I'll be working on over the course of the next couple weeks:

- Meeting with the new BED Fund team, helping them adjust to their new roles.
- Joining the coordinator in leading the first EngLinks staff meeting. Sharing my vision for EngLinks, and giving them action items towards those goals.

If you have any academics related questions please give me a shout!

Until next time,  
Dan.

Here's a photo of a hedgehog wearing a shark fin. (Reused cause it's that good).

## **Communications – Heather Simmons**

[comm@engsoc.queensu.ca](mailto:comm@engsoc.queensu.ca)

Greetings Council!

This is what I've been up to in the past two weeks:

- Posting lots of fun historical segments for history month.
- Posting E/D team profiles to help people get to know the team and feel comfortable approaching us.
- Creating my first AllEng! Be sure to check out the weekly funny for a few LOLs.
- Meeting with this year's Comm team managers to discuss their experience in the roles.
- Making a release about the grease pole and simultaneously crashing the EngSoc website (sorry Robert). #savethepole get it trending.
- Making a promotional Comm team hiring video (feat. "Richard" and terrible graphics).
- Making my first tweet to @kanyewest. No response to report. I won't give up.

Over the next two weeks here's what I'll be working on:

- Wrapping up history month.
- Hiring Comm Team Managers and setting up meetings to discuss plans for the year.
- Maintaining the hype for the pole saving efforts. Thanks to everyone who has spread the word and helped contribute. It's amazing to see what we can accomplish as a united cause.
- Filling day to day Comm requests.

That's all for now!

Heather Simmons

This is a rare photo of my dog and cat getting along. If this doesn't melt your heart, you're probably also one of those people who doesn't sob uncontrollably after watching Marley & Me. That's just me? Oh.

**Community Outreach – Emma Howard**  
**outreach@engsoc.queensu.ca**

Cheerio, Council!

Life is exciting in the domain of community outreach! I recently hired my ERC chair \_\_\_\_\_ and my Fix 'N Clean Coordinators \_\_\_\_\_ and \_\_\_\_\_, they're going to do an amazing job this coming year! For now, I've got some great stuff that you may be interested in that's going on in the next little while!

For the past few weeks, I have been working with various outreach groups around campus, and getting them involved in EngSoc. You may have noticed the booth in the ILC yesterday set up as part of a LGBTQ+ (Lesbian, Gay, Bisexual, Transgender, Queer, and Others) community visibility initiative, It's so exciting that we got this opportunity to work with the Con-Ed student society to make the faculty more inclusive! Next week, we also have a charity event called Cover the Crest in the ILC atrium on Tuesday, in which we use spare change to cover an entire engineering crest, and donate that change to childrens programs at Hotel Dieu hospital! Plus, upcoming, we're going to be working with textbooks 4 change to run a book drive during exams, keep an eye out for more on that!

As for other stuff I've been up to, I met with the Alma Mater Society Municipal Affairs Commissioner, I learned about some great volunteer opportunities within that commission, and I'm working to learn more about them to work as a resource for engineering students that want to volunteer. Also from the Municipal Affairs Commissioner, learned about the SMART (Student Maintenance and Resource Team), a city clean-up crew opportunity that I'm excited for Engineers to get involved in, I'm thinking of creating SMARTie bars for students that join this project!

That's what is going on in outreach right now, I wish you all the best of luck with finals!  
Emma Howard  
Director of Community Outreach

P.S. this tiny turtle knows that you will accomplish great things during the next few weeks!

**Conferences – Taylor Sweet**  
**[conferences@engsoc.queensu.ca](mailto:conferences@engsoc.queensu.ca)**

Howdy Council!

A lot has gone on these past few weeks. It has been a steep learning curve but I think I'm finally starting to get a handle on things. My primary objective to date has been to get all of the Co-Chair hiring done so that they may start hiring their committees before the end of the year. This has proven to be more difficult than originally anticipated as there are a lot of positions that need to be hired and not much time left before the end of the year. So far I have hired Co-Chairs for QSC (Queen's Space Conference), CIRQUE (Conference on Industry and Resources Queen's University Engineering), and QGIC (Queen's Global Innovation Conference). Applications for QGEC (Queen's Global Energy Conference) and QEC (Queen's Engineering Competition) close Monday so I will hopefully be interviewing for those positions sometime this week. I have also had a chance to meet with the outgoing Co-Chairs from CEEC (Commerce and Engineering Environmental Conference) and QHacks to discuss their relationship with the society. Since this is the last council of the year here are a few highlights of things I would like to work on over the summer:

- Investigate conference bursaries and how they can be optimized and made more accessible to students
- Develop training modules for conference committee members to aid them in their roles
- Delve into hiring policy and see what changes need to be made to make the process of hiring for conferences more smooth and timely

- Create a resource manual for conferences to orient them to the society and what it can provide for them
- Maintain regular communication with conference Co-Chairs
- Put together a detailed budget for my portfolio

If you have any suggestions for other projects that I could take on, please reach out to me at [conferences@engsoc.queensu.ca](mailto:conferences@engsoc.queensu.ca).

Until next time,

Taylor

**Design – Max Lindley-Peart**  
[design@engsoc.queensu.ca](mailto:design@engsoc.queensu.ca)

Greetings civilians,

In the past two weeks, I have;

- ❖ Met with the ILC Building Manager and Faculty Marketing & Communications Director to discuss their expectations from the teams and how we can work together this year.
- ❖ Attended the Alumni Mentorship Summit and met some awesome alumni who are very interested in my visions for the teams.
- ❖ Met with the Bridge Building Team; knocking one more off my list of teams to meet with.
- ❖ Learned lots.

In the next two weeks, I'll be;

- Learning more.
- Holding a design team round table in order to meet the new team heads and how I can help them.
- Looking into the logistics of a Team Lead Training Summit in the fall.

- Probably meetings. Okay, definitely meetings.

If you know anything about things that bother design teams, email me!  
If you like cleaning, help me clean the design bay and I will love you forever!  
If you're happy and you know it... Good for you I guess.

omg wut a grat year, HAGS everyone,

Tax Tindley-Teart

### **Events – Francesca Feldman**

[events@engsoc.queensu.ca](mailto:events@engsoc.queensu.ca)

Hello Council!

I hope you are all excited for the long weekend! Only a few things to report on this week:

- All event Chair/Coordinators have been hired (WOOHOO!)
- The Movember Chairs will be hiring three committee members before the summer to help them with logistics, community outreach and the planning of their concert. Applications are due after the weekend so please tell your friends to apply!
- I met with the ASUS Community Outreach Commissioner along with the new Terry Fox Coordinator to discuss the possibility of teaming up and planning the event in September together. They are very interested but first must bring it to ASUS council.

Have a great weekend!

Francesca

### **Finance – Connor McMillan**

[finance@engsoc.queensu.ca](mailto:finance@engsoc.queensu.ca)

Hey everyone,

It's been a really busy couple weeks for the Society's finances. I've been working hard with individual clubs and teams to address their outstanding financial issues. I'm very close to having the Society's books updated to the point that I can begin to streamline our financial system. I hope to be completely caught up by the time I give my verbal

report in Council. Here's a summary of what I've been up to and my plans for the near future:

Past two weeks:

- ⦿ Catching up the Society's Finances
- ⦿ Responding to ongoing financial matters within specific clubs and teams
- ⦿ Planning small changes that will streamline the financial system until a permanent solution is implemented

Next two weeks:

- ⦿ Implementing small changes to streamline the financial system (virtual balances readily available)
- ⦿ Transitioning the DOF role's static duties to the VP Operations for the summer
- ⦿ ED Team budgeting training over the weekend
- ⦿ Further developing summer goals for the finance portfolio

Over the summer:

- ⦿ Help the VP Operations with the finance portfolio
- ⦿ Slowly work on an online financial platform

I'd like to thank everyone for the patience they had with me as I transitioned into my role over the past month.

Ewok or puppy??

Have a good summer everybody.

Cheers,  
Connor McMillan  
DOF

## **First Year – Alan Goodman**

[firstyear@engsoc.queensu.ca](mailto:firstyear@engsoc.queensu.ca)

Hi everyone!

I write this report as the deadline to submit fast approaches, and there are a plethora of terribly embarrassing pictures that Lianne might include if I'm late, so this report will not be a masterpiece of literature.

Unfortunately, this has been a relatively slow couple weeks, mostly because of the physics and linear algebra exams that I've had. Either way, here are the things I have been doing:

Things that I've been doing over the past two weeks:

- Helping people in the 2020 groups; There are some less than savoury characters in them.
- Handing out Physics Cookies – I never thought I would ever spend so much money on Subway cookies.
- Attending the March 19<sup>th</sup> Open House and conversing with the youth.
- Meeting with Aphra
  - As I'm writing this report, I have not yet met with Aphra. Hopefully this happens as planned.
- Writing the Primer Letter

Things that I will be doing over the next two weeks:

- Interviewing FYC Chair and FYPCOCO applicants, although by the time council comes around I will (hopefully) have interviewed everyone
- Helping people in the 2020 groups.

For those of you who are going home for Easter, I wouldn't hold it against you if you brought me back some food.

Best wishes,  
Alan Goodman

P.S. Here is a picture of Tyler showcasing his most popular look, “Blue Steel”.

### **Human Resources – Rachel McConnell**

[hr@engsoc.queensu.ca](mailto:hr@engsoc.queensu.ca)

Hello Council! This is what I’ve been up to so far:

#### **Recent Accomplishments**

- Transitioning into the role of Director of Human Resources
- Hiring of equity officer
- Meeting with a lot of people to see what they want changed for next year

#### **Current Projects**

- Researching into alternatives for EngSoc Apply
- Managing EngSoc Apply for the March hiring rush
- Making connections and plans for next year (yay learning)
- Transitioning equity officer

#### **Future Projects**

- Solidify plans and budget for next year
- Make surveys better over the summer
- Create general Engsoc training

Lastly, since debates are a thing at council, and since I like puns, here is a gift from me:

## **Information Technology – Robert Saunders**

doit@engsoc.queensu.ca

Hey Council!

Here are the things that I have been working on the past little while:

- Transitioning w/ Richard
- Extended IT Team Manager Application
- Science Quest SSL Certificate Update
- Summer IT Work Proposal
- Queen's Fuel Cell Team Website Update
- Email Creation/Deletion/Editing
- ED Team IT Training
- Meeting w/ AMS (Email Management and SharePoint Integration)
- Rackspace Server Issues Resolved

And here are the things that I will be doing in the coming weeks:

- Hiring IT Team Manager
- Hiring IT Team Members
- Hiring Summer IT Manager (Pending)
- Meeting w/ ITS (Web Applications)
- Meeting w/ Joey Frolinger (IT Infrastructure)
- Summer IT Plans

Hey beautiful humans!

I can't believe it's almost summer. Our next council is 178 days away. That's 15,379,200 seconds! Not sure if I'll survive that long without seeing all of your pretty faces.

Here's what I've done:

- Ate tasty food at banquet
- Worked with individuals and groups to prepare motions for this council
- Talked to pre-frosh about our student government at the March Break Open House
- Made and organized existing council materials

Here's what I'll be up to in the near future:

- Hiring the new Chief Returning Officer and Constitutional Gurus
  - Helping the newly hired humans with their transition
- Updating the award display once I have nice paper to use
- Forming a summer plan regarding some Policy overhauls and making goals for next year
- Continuing to organize council materials to free up lounge space

Have a wonderful summer everyone, I'll see you in 6 months!

Lianne Zelsman

I tried to think of a witty caption for this... but they all just made me severely uncomfortable.

## **Professional Development – Nathaniel Wong**

Greetings Homosapiens,

Past 2 weeks:

- Hired Industry Relations Chair: Hannah Cameron
- Hired Alumni Relations Chair: Andrew McClelland
- Alumni Mentorship Summit was a success!

Next 2 Weeks:

- Hiring new alumni and industry relations committees
- Transitioning new Alumni/Industry Chairs
- Planning out the goals for next year

Cheers,

Nathaniel

Hola my friends,

The week 11 grind is real, but it's Easter weekend so all is good. The staff for Tea Room, Clark and iCons were all hired over the last two weeks so huge congrats to the incoming staff and all of the management teams on the bang up job they did! As for the

rest of my two weeks, please check one of the following boxes depending on how the Capital Fund motion went:

■ Thanks for passing Crawford's motion on Capital Fund! This is where most of my work the last two weeks has been put into. We made sure the managers were properly consulted and informed, and a lot of work has been put into it! I'm really excited to see where this project goes and to work with the new management team on really improving our services and seeing them work together!

■ Nothing to report.

Also, please enjoy this photo of me as a baby.  
See you in the new year everyone!

Tyler Snook
